+6282234641322 | aisyahnadhira909@gmail.com | linkedin.com/in/aisyah-nadhira-salma-maritza | <http://aisyah-portfolio.netlify.app/>

I'm a developer enthusiastic about technology, particularly in websites and mobile applications. With around 3 years of experience both locally and internationally, I have strong skills in building websites and mobile apps. I prioritize quality in my work and stay updated with the latest technological developments.

## Work Experiences

---

### Mereka - Kuala Lumpur, Malaysia

May 2024 - Present

#### Front End Developer

- Successfully developed nearly 80% of the UI for the "Job" feature on Mereka.io, using Angular and ensuring it was responsive, allowing clients and experts to post and apply for jobs seamlessly.
- Enhanced the finance page by cleaning up a disorganized transaction interface and ensuring it synchronized correctly with Stripe data, improving accuracy and user experience.
- Consistently completed tasks assigned in ClickUp within the sprint points, ensuring deadlines were always met without exceeding allocated points.
- Actively participated in daily development stand-ups, providing progress updates and collaborating with project management and the development team to resolve any issues.
- Contributed to bi-weekly sprint planning meetings, helping to outline clear priorities and deliverables.
- Delivered tasks on time, consistently finishing within the two-week sprint period as assigned.
- Implemented designs from Figma into the project, ensuring UI/UX consistency and alignment with project requirements.
- Took initiative in addressing UI issues across different sections, including handling urgent hotfixes, ensuring that all fixes were completed within the same day for quick resolutions.

### MSIB Alumni Space - Jakarta, Indonesia

Mar 2024 - Present

#### Staff Mentoring Mahasiswa

- Coordinated MSIB sessions, offering guidance on CV improvement, interview preparation, and program insights.
- Managed a full 7-day schedule as an operator for MSIB sharing sessions, ensuring smooth execution.
- As a committee member in private mentoring, worked with a team of 3, where one mentee secured a position at a multinational company.
- Mentored students through the MSIB process by reviewing CVs, improving applications, and conducting mock interviews.
- Created Instagram content every Friday, attracting over 1000 likes per post, sharing MSIB tips in collaboration with the Director of Mentoring.

### BPJS Ketenagakerjaan - Jakarta, Indonesia

Aug 2023 - Dec 2023

#### Junior Programmer

- Joined daily morning briefings to align with the team and mentor on the tasks for the day.
- Developed the Smile Mobile application using Flutter and Dart, designed for BPJS Ketenagakerjaan employees and learning about encode/decode processes in Flutter.
- Actively participated in meetings, collaborating on running and testing the Smile Mobile and JKN Mobile applications, ensuring functionality and performance.
- Conducted pre-testing and troubleshooting of internal mobile applications to prepare them for penetration testing.
- Joined the development of a MediaWiki-based application for organizing user manuals of all BPJS Ketenagakerjaan applications, using MediaWiki and CSS, working in a team of 3 (2 developers and 1 designer), with my role focused on development.
- Reported progress every 3 weeks to the project manager, ensuring project alignment and timely delivery of updates.
- Applied clean code principles in Flutter to maintain high-quality, efficient code throughout the development process.
- Assisted the Project Manager in managing and inputting employee data related to finance, tax, and other administrative tasks, ensuring accuracy and alignment with project requirements.

### PT Berani Tumbuh - Malang, Indonesia

Feb 2023 - Aug 2023

#### Wordpress Developer

- Designed two new web layouts.
- Enhanced SEO performance, optimizing websites for better discoverability
- Provided technical support to ensure smooth website operation, troubleshooting layout and SEO-related issues as needed.
